To: Quality Wholesale Homes

Sirs,

I would like to commend you on the quality of your product and the service you have provided so far in helping me to accomplish my goal of building my first manufactured home. I have worked with your representative Brock Henning and he has been most helpful and has a great deal of knowlege of your homes. My first home will be done soon and I have purchased two more lots so I will be able to begin the second one soon.

I'm looking forward to continuing to work with your company and Mr. Henning as I feel factory built homes are the future of the housing industry.

Sincerely,
