Good Morning,

Thank You for all the help! I am very impressed with your willingness to help us that is a HUGE relief. I Filled out a pre-application. I have talked to my husband and he told me to go for it and if you guys can help then you have our commitment to buy one of your homes. We have looked and looked for a home that suits our family and I have seen a few that I like but I really liked your homes then the fast response and the willingness to help us out of our very humiliating situation is very much appreciated. Please let us know what the next step is. We are still in the process of moving so if you do not reach us right away you can call

Thank You for your time.  
Mindy
