

Well it started off great. Herman was great with us. He worked very hard for us and I would like to thank him for that. Then we got Dawn. Thank God!!!! We knew what we wanted and how we wanted just about everything. She told us that we were making her job on this house way to easy. I laugh about this statement now, because she has had to work very hard on our project. Lots of phone calls, emails and faxes. She has gone out of her way to help us get the approval on our house. I hope that she know that she is very good at her job. You should tell her every time you see her. Everything is good and we would love to tell everyone we see about your company. We have started this already. I just can't wait to show off our house. You should send a sign or something to put in our yard. All and all our experience has been a good one. We would just like to thank all of you for all the help. We can not wait to see the house. Thank You Mr. and Mrs. Wallace
