I was referred to Quality Wholesale Homes by my friend, another satisfied Quality Wholesale Home customer, and I plan to refer as many people as I can to Quality Wholesale Homes to express my thanks for a job well done by such a great customer-oriented company!

My Home Specialist, Ellen Homontowski, was truly a blessing on this particular project. The first design had to be completely redone, and in the interim, some of the materials had to be changed. Ellen made this potential nightmare enjoyable! She did the entire new floorplan herself. Once again I have the utmost respect and gratitude for all her help. She worked hard on this...and her effort is to be commended! I could not have completed this project without Ellen's determination and dedication. She went above and beyond for me and I can't thank her enough. Without her drive and knowledge I would probably be homeless.

Thanks again!!!

Timmy
